THE GLENDALE NEWS

DEVOTED TO THE BEST INTERESTS OF THE SAN FERNANDO VALLEY

VOL. VI. GLENDALE, LOS ANGELES COUNTY, CAL., FRIDAY, APRIL 29, 1910. No. 1

Tropico and Glendale are practically one community joining Los Angeles City on the north; the former five and the latter six miles in a direct line from the Court House in Los Angeles. Glendale is an incorporated city of the sixth class with about 2700 population. Pacific Electric cars leave Sixth street depot half hourly. Eagle Rock cars leaving Twelfth and Broadway every half hour, connecting at Eagle Rock with car for Glendale. Rapidly increasing in population and importance. Schools, churches, fraternal societies, business establishments and all the accessories of an up-to-date suburban community.

OUR MAY FESTIVAL

Work Proceeding Satisfactorily Bound to be a Success—Help It Along

Preparation for the celebration—"Glendale's May Festival"—are being made by the various committees having the affair in charge and all doubts about its being a success have practically vanished, although the work of some of the committees is delayed by unavoidable circumstances which will only render it more difficult for the committee and require the harder work later. The different committees met at the city hall Tuesday evening, made their reports and talked details. The finance committee made a favorable report showing enough funds already secured and promised, to warrant proceeding with arrangements for the day. The sum of $250 was set aside for the use of the Barbecue (refreshment) committee with which to secure everything necessary for the free lunch which is to be served all comers. It is expected that many of the things required by this committee will be donated or furnished at reduced prices so that the sum named will be ample for all purposes. It is expected that this committee will be liberally assisted by that experienced philanthropist and booster, Mr. R. G. Doyle, now of Los Angeles, but formerly of Glendale, who has promised to do everything in his power to help make the affair the biggest thing of the kind ever happened—in Glendale.

Mr. Munger, advertising agent of the Pacific Electric company, promises that he will see to it that the celebration is so advertised that all the people who can be taken care of will be here when the day arrives.

The principal matter disposed of at Tuesday night's meeting was the awarding of the contract for decorating the streets to Mr. Turner of Gardena, who put in the lowest of several bids that were read. This work includes the decoration of Fourth street between Brand boulevard and Glendale avenue, and a block each way from Fourth street on the boulevard and the avenue; also the decoration of the city hall, fire house, grandstand, etc. Considerable time was given to an effort to decide upon an appropriate "slogan" for the day, to be inscribed upon buttons and banners, but no decision was reached. The NEWS takes the responsibility of calling for suggestions for such a slogan or legend, brief and appropriate, consisting of three or four words, and will be glad to present the same to the committee at the next meeting. The question of what shall be the principal attraction for the day, is still undecided. The first suggestion of a captive balloon does not seem to grow in favor. The Vaquero Club of Los Angeles, a company of skillful amateur horsemen, who gave a fine display of horsemanship, a sort of refined "Wild West," show, can be secured, but at considerable expense. This and other important details will be settled at the next meeting. Citizens generally are requested to come forward and assist in making this affair a success—not citizens of Glendale only, but those throughout the community at large. Show your interest in the matter by turning out to the meeting next Tuesday evening at the city hall.

Remember the date, May 14—the time grows short. It's a good thing; push it along.

THE D. A. R. TROUBLE—A CHAPTER WILL PROBABLY BE ORGANIZED IN GLENDALE.

The recent warm session of the D. A. R. assembled in national convention last week in Washington, has attracted attention all over the country, not only to the action of the delegates but to the order at large. It is scarcely necessary, but may be remarked in passing that these letters stand for "Daughters of American Revolution," and the membership is confined to descendants of revolutionary forebears. It is, therefore, an intensely patriotic organization, having for its purpose the keeping alive the spirit of patriotism which inspired the heroes of '76. The trouble in Washington over the election of a state regent for California in which Mrs. Stilson of Los Angeles was chosen, arose from the fact that the representatives in the northern part of the state had secured permission from the national president to hold a special election which came off last February in which Mrs. Laird was elected regent and Mrs. G. Wiley Wells vice regent. The southern chapters held that this special meeting was unconstitutional and that officers could only be elected by delegates to the national convention which had to ratify the election. On this latter point the southerners seem to have won at Washington, which led to the threat made by Mrs. John F. Swift, of San Francisco, vice president, to withdraw the northern chapters from the state organization, a threat not yet put into effect. Two of the delegates to the national convention were the mother (Mrs. Enoch Pepper) and sister (Miss Elizabeth Pepper), of Mrs. Leon H. Hurtt of Glendale, and Mrs. Hurtt, who is the secretary of Escholtzia chapter of Los Angeles, is naturally very much interested in the matter and is enthusiastic over the victory of the Los Angeles delegates who represent the largest chapter in the state, having a membership of 143. Twelve members are required to start a chapter and we understand that an effort will soon be made to organize a local chapter here, as there are a lareg number of ladies in Glendale and vicinity who are eligible.

Save money and get FULL WEIGHT and No. 1 goods by dealing with the Valley Supply Co., 308 Brand boulevard, Sunset 1811. Home 192.

W. C. T. U.

Holds its next regular meeting with Mrs. O. S. Palmer, 116 West Sixth St. The subject will be the "Franchise," led by Mrs. Bailey. The Glendale society was awarded three banners for good work done by the county league.

Three more days in the NEWS subscription contest. Get all names in by Monday, May 2d, 5 p. m.

CITY TRUSTEES

At the adjourned meeting of the board of trustees on Thursday evening, the following protest signed by 25 property owners on and in the neighborhood of Third street east of Glendale avenue was received:

"To the Board of Trustees.

"Gentlemen: Having evidence that a railway franchise on Glendale avenue has been asked for and is now in contemplation of passage by your body, to E. D. Goode, permitting said E. D. Goode's railway to connect with the car line now operated by him on East Third street, said franchise granting, among other things, the right to the railway company to haul freight of any and all descriptions in the day time, we, the undersigned property owners along the right of way asked for and also along the right of way over which, of necessity, the aforesaid freight will be hauled, earnestly and positively protest against your body granting the right in the above mentioned franchise to haul freight of any nature over the above right of way, except between the hours of 9 o'clock at night and 5 o'clock in the morning."

The matter was debated at great length, but the board adjourned without taking any action. The fear on the part of the protestants seems to be that in the event of the Goode road being extended to Verdugo Canyon, it may be used to a considerable extent in hauling sand and gravel either to the Los Angeles railway on the east or the Pacific Electric on the west side, the undesirability of much traffic of this description being generally conceded.

TRUSTEES—REGULAR METING.

Absent, Messrs. White and Lane. Mr. Anderson was elected president pro tem. The usual routine business was transacted. A communication was received from Chairman White accompanied by a typewritten memorandum of the proposed agreement between the trustees and the Pacific Electric Railway company, signed by Mr. McMillan, general manager, certified to by Mr. White. Except in one or two particulars the memorandum agreed with the report of its provisos as published in the NEWS last week. In the verbal report made last week by the trustees it was stated that the railroad company would lower the grade within a year or a year and a half at most, but no such limitation is named in the typewritten memorandum.

A large delegation of Lomita Park citizens entered about this time and [illegible] memorandum was then discussed. Mr. J. C. Beidin spoke in behalf of the citizens objecting to the adoption of the proposed memorandum, and a protest was presented signed by 76 citizens, the delegation stating that they only desired for the present a postponement of action as they proposed to get a large addition to the number of names signed to the petition. Mr. Goodell being called upon, gave some early history in connection with the granting of the right of way. Mr. Lawson stated it as his opinion that the land of the railway company should be condemned when required for road purposes. Mr. Watson made a statement in regard to action taken by the board. Mr. Leavitt spoke, also favoring the idea of beginning condemnation proceedings. Trustee Coker expressed his willingness to defer action in the matter; in fact, there seemed to be no difference of opinion in regard to postponement of action, although the debate over various details was quite acrid for a time. On motion of Mr. Watson the matter was laid on the table for two weeks, pending the return of absent trustees.

Ordinances passed third reading and were adopted as follows: Changing the salaries paid city officials; changing the regular meeting night from Wednesday to Monday; providing for the bonding of city officials. The matter of advertising a franchise for a railway on Glendale avenue to the north city limits, was taken up and after some changes, a resolution directing that said franchise be advertised for sale, was passed.

CONTEST NEWS.

You will note a radical change in the score this week. As the contest draws to a close, it becomes more interesting. Willard Boyer has jumped to the front by two weeks of excellent work and the end is not yet. Lorin has still a few days in which to make good—he has too good a start to get left if he will make an effort. We are expecting something from Miss Goldie Neff, although her score this time does not show much increase. Howard is a good second, but he must get busy. The score is as follows—as promised last week we only publish the four highest:

Willard Boyer	14,200
Howard McGillis	10,020
Goldie Neff	11,000
Lorin Litchfield	5,400

Remember you have until 5 o'clock Monday evening when everything must be in.

THE LIGHTING PLANT.

Work on the new municipal lighting plant is nearing completion, and the lines are now set over almost the whole city. West of Verdugo Road the system is in operation on practically every street, while on Verdugo Road and to the east it is only delayed by a scarcity of wire. This, however, is expected to be remedied shortly after the first of May, and the service will then be extended over the whole of the city. The poles are now placed over most of this section, one line running up the Sycamore canyon to the northeasterly limits. All of this equipment is being put in heavy enough for all future demands upon it.

One hundred and seventeen of the new street lights are in operation and fifty-eight more are in transit and will be placed in the next three weeks. These are forty-candlepower tungsten lamps and have wrought a great change in the norturnal appearance of Glendale.

The street lights are lit from dusk till 1:15 in the morning, except on moonlight nights. Regulation is effected by a clock and automatic switch in the transformer station on Howard street which turns them on and off at the desired times.

In the substation all of the regulating equipment is now installed. This includes the large set-down transformers which take the high potential current and transform it to voltages that are more easily handled; the street light regulator, which controls the tungsten street lights, and the switchboard whereon the current is measured and controlled. All of this equipment has worked in good shape since its first installation, one of the gratifying features connected with the plant being the almost entire absence of any trouble on the new lines since taking over the plant.

There have been an average of forty new consumers connected a month for the last five months, with no signs of lessening of the demand for lights. The business of the plant has steadily increased notwithstanding the fact that the heavy winter load is now past, and the evenings are steadily becoming shorter.

Arrangements have been made in the last ten days for joint use of some of the poles of the city with the Home Telephone company, the telephone company paying a yearly rental for the privilege of stringing a cable along the line on Howard street. This will remove the pole line and wires of the telephone company from Howard street and will be advantageous to all concerned.

BAPTIST CHURCH.

[illegible] morning and evening. The Rev. A. M. Petty, secretary of the American Baptist Home Mission society will preach. All are invited.

ST. MARK'S EPISCOPAL CHURCH.

Sunday, May 1st, service 11:00 a. m.; litany, Holy Communion and sermon by Dr. A. G. L. Trew.

The evening services will be discontinued during the summer months, or until further notice.

The annual meeting of the congregation was held at the Guild hall on Tuesday last under the able direction of Dr. Trew, when the following officers were elected for the ensuing year: Warden, Mr. Edgar W. Pack; clerk, Mr. W. P. Penn; treasurer, Mr. J. L. Whitaker.

The following were elected as delegates to the annual convention to be held in Los Angeles: Dr. D. W. Hunt, Mr. E. W. Pack, Mr. Wm. Ward, Mr. J. W. Penn and Mr. Grist.

Reports of the Ladies' Guild, the auxillary, the Sunday school, the Altar Guild and the treasurer of the church were presented and showed a flourishing and satisfactory condition; and at the conclusion of business, the ladies served light refreshments, in partaking of which a pleasant time was spent in social intercourse until a somewhat late hour.

Contestants get busy. We close up Monday. Have all subscriptions for the NEWS in by 5 o'clock May 2d.

MEETING OF STATE LIBRARIANS.

The annual meeting of the State Librarians' Association was held at the Virginia Hotel, Long Beach, on Monday, Tuesday and Wednesday of this week. The representatives of Glendale's library present were Mrs. Lillian S. Wells and Mrs. Ella C. Witham. The meetings were of unusual interest and a fuller report will be given next week.

CARD OF THANKS.

Mr. and Mrs. Stephen Gascoigne wish in this way to express to their many friends their heartfelt thanks for the numerous kind expressions of sympathy and tokens of esteem during the illness and death of their loved child.

The Ladies' Auxiliary of St. Mark's church held their annual meeting Wednesday last and elected the following officers: President, Mrs. D. W. Hunt; vice president, Miss Mallett; secretary, Mrs. Robert Morris; treasurer, Mrs. Andrew McIntyre. Very satisfactory reports were rendered by retiring officers and a large box of contributions was sent off to Alaska.

The Ladies' Aid of the Presbyterian church will meet next Tuesday at 2:00 p.m. at the home of Mrs. Miner, 1442 Ivy street.

GAS IN TEN DAYS

Domestic Co. Pushing the Work—Pipes Already in on Many Streets

The Domestic Gas Company has been pushing the work of pipe laying for the last month uninterruptedly, so that although the system in this vicinity will not be completed, it will yet be possible to furnish at least a portion of the territory to be supplied within ten days and we are informed by the superintendent, Mr. J. W. Burns, that such is the intention.

The main line from East Los Angeles along the San Fernando road to Tropico was completed two weeks ago and the mains have been laid along Glendale avenue as far north as Fifth street and along Central avenue to Second. Several of the cross streets are torn up and the big ditching machine is kept at work most of the time, but has been put temporarily out of commission several times by encountering boulders.

The following information given in reply to inquiries by the NEWS is of interest:

The rate for gas will be $1.00 per thousand feet.

Meters will be furnished free to the consumers and will be located under the front of the house.

The company will make free connections from the property line to the meter, provided the distance is not greater than 50 feet; all over fifty feet will be charged for at the rate of 15 cents per foot.

These are the same arrangements in effect in Los Angeles.

SPORTING NEWS

The home team redeemd themselves last Saturday by winning a close and exciting baseball game from the Union Well Supply Co. by the score of 4 to 3. Mr. Valentine tried out three new men in Jesser, centerfield and pitcher, Brown, second base, and Gus Pulliam, third base and right field. Benson pitched his usual brilliant game, striking out ten men and allowing six hits. The score was tied up in the fourth inning and remained so until the last of the ninth, when Gus got a hit, stole second, was advanced to third by Bourne and brought in the winning run when Davenport, who took the place of Hilliard in left field, singled to center just at the needed time when runs win games. Tomorrow (Saturday) the mavericks of Los Angeles will hook up with our boys and they are a fast bunch from 16 to 22 who know every phase of the game and ought to give our boys a close run for the game.

Mavericks		Glendale City
Callen	catcher	Buttrick
Bennett	centerfield	Kern
Dossenymer	third base	Benson
Eades	left field	Flower
Gilbert	first base	Davenport
Bones	pitcher	Hilliard
Bomland	second base	Sprinkle
Iverson	shortstop	Bourne
Moore	rightfield	McNutt

Above is the line-up and Mr. Valentine uses Hilliard to pitch, as he pitched so well in the Occidental game that Mr. Valentine believes he has a find.

MISS HYER ENTERTAINS.

Miss Nellie Hyer, of Los Angeles, celebrated her birthday anniversary, Sunday evening, by entertaining a merry coterie of Los Angeles and Glendale friends with a hay ride to Sycamore Canyon and a later luncheon at the home of her grandparents, Mr. and Mrs. Charles Snow of Third street. The Glendale guests met those of Los Angeles at the corner of Brand Boulevard and Second street.

Miss Hyer's company included Miss Mary Jones, Miss Bernice Watrus, Miss Lillian Brown, Miss Nellie Jones, Miss Emma Pedrick, Miss Jennie Illes, Miss Helen Beatty, Miss Carrie Cornwall, Miss May Cornwall, Miss Charlton and Miss Marie Hoffmaster; Messrs. F. W. Greenough, Quigley, Albert Cornwall, Clarke, J. R. O'Dear, T. R. Weber, C. R. Shaw, Carrol, Lawrence, Hurley and Barry.

REAL ESTATE AND BUILDING.

The Peerless Realty and Building Co. is putting up for L. A. Phillips, a six-room cottage to cost $2000, on Campbell Tract, Milford near Central.

Yeager & Co. are building for L. C. Fluott a five-room cottage to cost $1600.

Mr. Eugene C. Frank has contracted with Thomas W. Addison for the erection of a six-room house on his orange property on East Third street, to cost about $3700.

James Wyvell reports the following through his Casa Verdugo office:

Mattison B. Jones to Nels J. Mellin, lot on corner of Dryden and Brand boulevard, having a frontage of 250 feet on Brand boulevard by 315 feet on Dryden; price $4000.

Wm. Wright to Julius Kranz, two lots on Fair View avenue, each 50x170; price $1200.

H. H. Chappin, lot on Fair View avenue, 50x170; price $500.

GLENDALE, CAL., APRIL 29, 1910

The ladies of the Tuesday Afternoon Club deserve the thanks of the community for the excellent program which they served last Tuesday at Guild hall. Particularly to be appreciated was the presence of Mr. John McGroarity, one of the few of the numerous verse writers, who may be properly classed among the poets. Mr. McGroarity delighted his audience by a pleasant talk about California and the reading of his poems.

Because the Cleveland ball club refused to employ organized labor on its grandstand, President Taft has been notified by the St. Louis Central Trades and Labor Union that if he attends the game between St. Louis and Cleveland while visiting the former city on May 4th, as he agreed, he will be offering an affront to organized labor throughout the United States! We fancy that Mr. Taft will sit down on this particular brand of labor unionism with all the avoirdupois at his command, and that is considerable.

Los Angeles people are not exaibitting the desired amount of enthusiasm over the census and show no anxiety to "stand up and be counted." This is too bad in view of the fact that in San Francisco there has been exhibited a grim determination to have the population of that metropolis foot up half a million and the people there are reported as willing to stand up not one but several times and be counted as often as the enumerator chooses to do it. San Francisco has a cheerful habit of counting everything in sight when it comes to statistics, even if it takes a telescope to see it, and its a foregone conclusion that the census men of that ambitious town will find the folks all at home.

The report of the advisory committee on the Good Roads work is of a nature to discourage the taxpayer if its assertions can be substantiated. It may be well, however, not to jump at the conclusion that affairs are in as bad a shape as the advisories make out. The committee is made up of a lot of good citizens without technical knowledge and such bodies are likely at times to be led astray. The mere fact that Mr. "Tus" Eldridge does not like the committee, however, need not condemn it beyond all hope. The things Mr. Eldridge does not approve of are about as numerous as the things that he is not personally interested in.

Census enumerators all over the country seem to be having trouble in counting Uncle Sam's family. The principal trouble is with the two extremes of society, the lower and the upper strata. The great middle class, which after all is the backbone of the nation, is composed of people who as a rule are sufficiently intelligent and patriotic, to cheerfully comply with the law, and give all required information, but reports come from New York City to the effect that the "higher-ups" and the "lower-downs" are equally insolent in many cases when it comes to answering the questions propounded by the enumerators. Judging by the experience of Los Angeles and knowing something of the spirit of the cantankerous minority of humans who have a disregard for all laws not of their own making, we believe that the mistake made by the authorities in the first instance everywhere, was in dealing too leniently with the people who refused to give the answers required. Some prompt and severe examples in the beginning would have saved much trouble and taught at least a few people that the United States is superior to the individual.

Some of our contemporaries are publishing a cut of Charles F. Curry, present secretary of state, and also candidate for the Republican nomination for governor, which is about as deceptive as those things can be made. Mr. Curry may have been as youthful as his newspaper cuts represent him, once upon a time, but that time must have passed a quarter of a century ago, at least. The fact that he is much older than his picture represents is nothing against him, on the contrary he has doubtless added greatly to his store of useful knowledge and possibly accumulated much wisdom since the time when he had the picture taken—but really his "counterfeit presentment" should be revised so as to be nearer up-to-date. At present it suggests the Lydia Pinkham of immortal youth.

"HARK FROM THE TOMBS."

The GLENDALE NEWS, in its last issue, severely criticises the management of the P. E. railway company for having closed the crossings over the company's tracks of several streets. While the closing of crossings is to be deplored, it should be remembered that Glendale has a few "old sore heads" who never miss an opportunity to make trouble for the company and some of them seem to think their special mission on earth is to address lengthy communications to officials of the company in which they make ridiculous demands and foolish criticisms. Old Glendale citizens ought to have profited by the experience they had several years ago when the P. E. track was taken up on Fourth street. The manager of the Pacific Electric has spent his life in the railway service and undoubtedly understands his business and instead of being a silly ass, as the NEWS would have its readers believe, is a man of broad and liberal views and open to reason when approached in a sane manner. Mr. McMillan also has very little time for "sore heads" and "belly-achers."

The above is from the Burbank Review of last week. A careful search through the files of the NEWS fails to disclose anything but carefully diluted comment on the matter referred to—nothing that savers of anarchy or treason. In fact, the gentleman eulogized above is only alluded to inferentially—and deferentially,—of course.

PLAY NO POLITICS.

The recent eelction in the city of Glendale was characterized as we have taken occasion to remark before, by an unusual absence of those incidents and exhibitions of personal feeling which so often make political campaigns more of a necessary nuisance than anything else. Now that the new board of trustees has been installed, it is sincerely to be desired that these representatives of the people will remember that they were not placed in a position of authority for the purpose of enabling them to pay political personal debts by making changes in the appointive offices merely because they have the power to do so and would like to have the positions filled by their friends. The NEWS is not informed as to the intentions of the trustees, but there are rumors afloat indicating that it is possible at least that the incumbents of two or three appointive offices are to be removed, not for cause, in all cases at least, but arbitrarily and for personal reasons. There may be differences of opinion in regard to it, of course, but we believe that the history of our city for the three years of its existence has been singularly free from any serious errors on the parts of its officials and that the appointments have been of an unusually high class, dictated by merit alone. We doubt if any other municipality of the same age has been quite so fortunate in its experience. This has been brought about solely by the absence of a disposition on the part of the trustees to "play politics" and be swayed from the straight course of duty by any idea of using "patronage" for political purposes. There are one or two officials of the city appointed by the former board of trustees who are so especially well adapted to their work that any change in the incumbency of the places they fill, could not possibly be for the "benefit of the service."

NOTICE OF SALE OF ELECTRIC RAILROAD FRANCHISE.

Notice is hereby given that application has been made to the Board of Trustees of the City of Glendale in the County of Los Angeles, State of California, for a certain franchise, granting the right to construct, maintain and operate for the term of forty-seven years, an electric railroad upon certain public streets in the said City of Glendale, hereinafter described, together with certain appurtenant and incident rights hereinafter mentioned, and that it is proposed by the said Board of Trustees to grant the same upon the terms and conditions hereinafter mentioned; that said franchise is described as follows, to-wit:

A franchise to construct, maintain and operate for the period of forty-seven years, an electric railroad for the transportation of passengers, to be single or double track, in whole or in part, at the option of the grantee thereof or his or its successors or assigns, over the route and along and upon the streets or portions of said streets in said City, described as follows, to-wit:

Commencing at a point in Glendale Avenue where the Westerly prolongation of the Southerly line of Lot Eight (8) in Block Twenty (20) of the Town of Glendale, as per map recorded in Book 21, pages 89 and 90 Miscellaneous records of Los Angeles County, California, intersect a line situated 13 feet Easterly from and parallel with the center line of Los Angeles, San Pedro & Salt Lake Railroad; thence Northerly parallel with the center line of said railroad to the Northerly City boundary line of the City of Glendale.

Together with the right to construct curves and switches and spur tracks into private property, also connections at street intersections, power houses and all other appliances, property, structures and attachments that may be necessary for the purpose of operating said road, and enabling it to be as effective as the best electric railroad; provided, however, that no spur track into private property shall be built within 500 feet of any spur track already constructed under said franchise, without first securing proper consent of the Board of Trustees of the City of Glendale.

That the terms and conditions upon which said franchise will be offered for sale, and granted, are the following, to-wit:

First. That the railroad to be constructed and operated under said franchise shall be used for the transportation of passengers, baggage, United States mail, Express matter and such other commodities as can be conveniently handled by an electric railroad, provided that cars other than closed ones, of a neat and attractive design, shall only be conveyed over said road between the hours of nine o'clock p. m. of each day and six o'clock a. m. of the following day; also such material as is used in the construction of the Glendale and Eagle Rock Railway from its northerly beginning to its present eastern terminus in Eagle Rock valley, existing at this date, and for such other extensions thereof as may from time to time be constructed within the City Limits of the City of Glendale.

That the tracks to be laid under said franchise shall be placed thirteen (13) feet from center line to center line.

Second. That said grantee or his or its successors and assigns shall use good material in the construction of said road, and said road shall be built in a good and workmanlike manner, and that said grantee and his or its successors and assigns shall at his, its or their own cost and expense, oil and re-oil, pave or macadamize the said road between the rails, between the tracks and for two feet on each side thereof, with the same material used by the City, and under the same specifications and in the same manner as upon the streets over which said roads are respectively, and shall keep the same constantly so paved or macadamized and in repair flush with said streets and provided with suitable crossings, and shall make the roadbed conform at all times to the established grade of said streets; provided, however, that where any of the above named streets have been graded or otherwise improved prior to the granting of said franchise, said roadbed and rails shall conform to and be flush with the surface of said graded or otherwise improved street or streets, whether such surface be above or below the official grade of said street or streets, and on all other street or streets the said roadbed and rails shall conform to such official grade as aforesaid.

In case the said grantee or his or its successors and assigns, shall fail to comply with the instructions given for said repairs for ten days after service of notice thereof upon the Superintendent or Manager of said electric railroad, then the Board of Trustees of the City of Glendale may, with suitable assistance, enter upon said electric railroad, or any portion thereof, and do the work and furnish the proper material and keep an itemized account of the cost thereof, which said grantee, or his or its successors or assigns, by the acceptance of this franchise agrees to pay immediately to the Treasurer of the City of Glendale upon the presentation of the account to the Superintendent or Manager of said electric railroad.

Provided further, that cars shall be run over the road constructed under said franchise every day, unless prevented by the elements, riots, strikes or unavoidable causes; provided also, that cars shall be run over and upon said road at intervals of not more than one (1) hour from seven o'clock a. m. until ten o'clock p. m. of each day, and as much oftener as may be necessary to properly accomodate all persons who apply for transportation over said road, except in times of extraordinary and unforseen amounts of travel.

Provided further, that said grantee and his or its successors and assigns shall have the right to excavate and remove portions of said streets necessary to properly construct said road and to erect needful apparatus, boilers, engines and other appliances to properly equip and run said road; provided further, that the City of Glendale, in granting said franchise, expressly reserves the right to pave, macadamize, renew or sewer any of said streets, or to lay gas, water or other pipes therein; said work to be done so as to injure said road as little as possible.

It is further provided that said grantee, and his or its successors and assigns, shall construct all necessary flumes and culverts for the free passage of water under the tracks of said railroad whenever and wherever necessary, and that all such flumes and culverts shall be constructed in accordance with plans and specifications approved by the City Engineer, and wherever required by said City of Glendale.

Third. That the grantee of said franchise and his or its successors or assigns, shall and will at all times upon and after the completion of said road, during the operation of the same and without extra charge, issue to and receive from passengers going in one direction, transfers good for one continuous passage over and upon any and every other line and lines or any other road or roads to any points within the said City, which said grantee or his or its successors or assigns does now, or may hereafter own, control, operate or have a controlling interest in. And provided as a further condition that said grantee, and its successors and assigns shall and will at all times as aforesaid, issue or cause to be issued to said passengers, without extra charge, a similar transfer from any and every other line or lines, which said grantee, or its successors or assigns does now or may hereafter own, control, operate or have a controlling interest in within said City of Glendale as aforesaid, to, over and upon the road operated and maintained under said franchise within the City Limits of the City of Glendale, and provided further, that such transfers shall be given and received as above provided, over and upon all such roads within the City Limits of the City of Glendale whether operated under a franchise granted by said City, or over and upon private rights-of-way owned or occupied by said roads within the City Limits of the City of Glendale.

Fourth. That the rate of fare for any distance within the City Limits over said road or its branches one way in the same direction shall not exceed five cents per one passenger; that persons under the age of eighteen years who attend the public schools of said City shall be required to pay but half fare; provided that said pupils shall purchase their tickets in quantities of at least One dollar's worth at a time, such tickets to be available only between the hours of eight o'clock a. m. and six o'clock p. m., in actual passage to and from school, and the said grantee and his or its successors and assigns, shall sell such tickets whenever requested so to do, when schools are in session, by a pupil who shall present a certificate from a teacher, approved by the principal of such school, that he or she is a pupil of the said school;

Provided further, that said grantee, his or its successors or assigns, shall carry free on said cars the City Marshall and deputies, and all regular police officers, and firemen of said City, when on duty, and letter carriers, subject at all times to the rules of the road.

Fifth. That the person, partnership or corporation to whom said franchise is granted or awarded, his or its successors or assigns, shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of said grantee and his or its successors and assigns, arising from the use, operation, or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of this franchise, but thereafter such percentage shall be payable annually, and said franchise is to be forfeited by failure to make the payments provided for, and it shall be the duty of the grantee of said franchise, his or its successors or assigns, to file with the City Clerk of the City of Glendale, at the expiration of six years from the date of granting of said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of said grantee, his or its successors or assigns, and by the oath of the manager or presiding officer of said grantee, or his or its successors or assigns, showing the total gross receipts and gross earnings collected or received by the said grantee, his or its successors or assigns, during the preceding twelve months, and within ten days after the time for filing such statement it shall be the duty of said grantee, his or its successors or assigns, to pay to the City Treasurer of the said City of Glendale the aggregate sum of said percentage upon the gross annual receipts arising from the use, operation or possession of said franchise.

Provided, that if the road for which said franchise is granted shall be an extension of an existing system of railroad, then the gross receipts shall be estimated to be one-half of the proportion of the total gross receipts of said system which the mileage of such extension bears to the total mileage of the whole system, and said estimate shall be conclusive as to the amount of the gross receipts of said extension.

Sixth. That the work of constructing said road shall be commenced in good faith within not more than four months from the date of the granting of said franchise, and shall be prosecuted thereafter in good faith and without unnecessary or avoidable intermission or delay, and that said work of construction shall be completed within not more than three years thereafter, and if said work be not so commenced, prosecuted and completed within the times, or in the manner specified, such franchise shall be forfeited.

Seventh. That all poles used in the construction and operation of said electric road shall be placed within the curb line of the streets herein designated as officially established by the Board of Trustees of the City of Glendale, and the outer edge of poles shall in all cases be set as near the inner edge of the curb as practicable, when not otherwise directed by said Board of Trustees, and the wires suspended from said poles shall not at any point be less than nineteen (19) feet above the top of the rail; said poles shall be smooth, straight, and painted in uniform color.

That any neglect, failure or refusal to comply with any of the conditions of said franchise, shall thereupon immediately, ipso facto, effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee, or his or its successors or assigns, from further use of the streets of said City, under said franchise, and said grantee and his or its successors and assigns, shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is also hereby given that sealed bids in writing will be received for said franchise up to 7:30 o'clock p. m. on the 20th day of June, 1910; that the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided only, that at the time of opening said bids any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bids so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States. Each sealed bid must be accompanied with cash or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid and no sealed bids will be considered unless said cash or check is enclosed therewith, and the successful bidder must deposit, at least ten per cent of the amount of his bid with the City Clerk before said franchise will be struck off to him, and if he shall fail to make such deposit immediately, his bid will not be received, and will be considered as void, and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid as herein provided. Said successful bidder shall deposit with the City Clerk, within twenty-four hours after the acceptance of his bid, the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited, and no further proceedings for the sale of said franchise will be had until the same shall be re-advertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him, or it, file with the Board of Trustees, a bond running to said City in the penal sum of Fifteen Hundred dollars, with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited.

By order of the Board of Trustees of the City of Glendale, made at a regular meeting of said Board on the 27th day of April, 1910.

G. B. WOODBERRY,
City Clerk of the City of Glendale.

ORDINANCE NO. 122

AN ORDINANCE PROVIDING FOR THE OFFICIAL BONDS OF CERTAIN CITY OFFICIALS OF THE CITY OF GLENDALE, AND FIXING THE AMOUNTS OF SAME, AND REPEALING ORDINANCES NO. 3 AND NO. 108, RELATING TO SUCH BONDS.

The Board of Trustees of the City of Glendale do ordain as follows:

Section 1. That the City Clerk, the City Treasurer and the City Marshal, be, and they are each respectively hereby required to execute to the City of Glendale official bonds in the following penal sums, to-wit:

First. The City Clerk in the penal sum of $500.00.

Second. The City Treasurer in the penal sum of $10,000.00.

Third. The City Marshal in the penal sum of $500.00.

Sec. 2. That said bonds shall be joint and several in form, and shall be signed by the respective principals and by at least two sureties who shall justify as required by law in the case of sureties on boards of County and Township officers, and shall be conditioned that the principal will well and truly perform all the duties of the office for which the same is given, and all offices for which the said principal by reason of his said office is ex-officio incumbent; provided, that said Board of Trustees may accept as sole and sufficient surety on such bonds, any corporation entitled to give such bonds under the laws of this State.

Sec. 3. That said bonds shall be subject to the approval of the Board of Trustees of said City, and after being so approved, shall, with the exception of the bond of the City Clerk, which shall be filed with the President of the Board of Trustees, be filed with the said City Clerk.

Sec. 4. That each of said officers shall present their respective official bonds to the Board of Trustees for approval within ten days after the official canvass of the returns of the election at which they were elected.

Sec. 5. That Ordinance No. 3, adopted February 28th, 1906, and Ordinance No. 108, adopted October 27th, 1909, by the City of Glendale, be, and the same are hereby repealed.

Sec. 6. The City Clerk shall certify to the passage of this Ordinance, and shall cause the same to be published once in the GLENDALE NEWS, a weekly newspaper of general circulation, and thereupon and thereafter the same shall be in full force and effect.

Adopted this 27th day of April, 1910.

WM. A. ANDERSON,
President Pro Tem of the Board of Trustees of the City of Glendale.
[Seal]
Attest:
G. B. WOODBERRY,
City Clerk of the City of Glendale.
STATE OF CALIFORNIA,))ss.
CITY OF GLENDALE.)

I, G. B. WOODBERRY, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was duly adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board, at a regular meeting thereof, held April 27, 1910, by the following vote, to-wit:

Ayes: Anderson, Coker, Watson.
Noes: None.
Absent: Lane, White.

G. B. WOODBERRY,
City Clerk of the City of Glendale.

Your Checks are Receipts

"Pay as you go" is an excellent maxim provided you "pay-by-check." It's foolish to carry money on the person, except for the smallest purchases and incidentals, for aside from the care and inconvenience there is always the danger of theft or loss.

But with a check-book of this bank in your pocket the inconvenience and worry is eliminated. You write out a check for the exact amount of each purchase, your check-stub is a record for reference and the check itself will later be returned to you by the bank and may be retained as a receipt.

Some persons may think of the check account as being complicated. Nothing could be more simple, however. We keep books for you and there is a record for your every transaction.

NOTICE OF STREET WORK

Public notice is hereby given, that the Board of Trustees of the City of Glendale, on the 6th day of April 1910, did, at its meeting on said day, adopt a Resolution of Intention, No. 336, to order the following street work to be done, to-wit:

First: That all that portion of

FRANKLIN COURT

from the South line of Fourth Street to the North line of Fifth Street, including all intersections of streets (excepting such portions of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon), be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the construction of graded, tamped and oiled streets on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 9, excepting that from the South line of Fourth Street to the Easterly prolongation across said Franklin Court of the South line of Lot 8, Block 20, of the Town of Glendale as per map recorded in Book 21, pages 89-90 of Miscellaneous Records of Los Angeles County, California, in addition to the regular treatment under specifications Number 9, there shall be incorporated into the roadway a layer of gravel 2½ inches thick, of which the maximum pieces will pass through a 2½-inch ring and the minimum pieces will not pass through a ½-inch ring, in the following manner: When the roadway is tamped to within 2½ inches of the surface, the 2½ inches of gravel of the sizes as above specified shall then be evenly spread over the entire surface and tamped into said roadway, and then completed as provided for in Specifications Number 9.

Second: That a cement curb be constructed along the Westerly side of the roadway of said Franklin Court from the South line of Fourth Street to the North line of Fifth Street, including returns at all street intersections (excepting along such portions of the line of said roadway upon which a cement curb has already been constructed to the official line and grade) in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 2, except that on the West side of said roadway from the South line of the Fourth Street to the Easterly prolongation across said Franklin Court of the South line of Lot 12 of aforesaid Town of Glendale, the curb shall be placed six feet from the property line instead of the distance as specified in said specifications number 2.

SECTION 2. That the Board of Trustees of the City of Glendale hereby finds upon estimates directed to be furnished and furnished by the City Engineer that the total cost of said improvement will be greater than fifty cents per front foot along each line of said street, including the cost of intersections, and it is hereby determined, in pursuance of an Act of the Legislature of the State of California, approved February 27, 1893, as amended by an Act of the Legislature amending said last named Act, which amending Act became a law March 2, 1889, that bonds shall be issued to represent the cost of said improvement. Said bonds shall be serial, extending over a period of ten years from their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date, until the whole are paid, and said bonds shall bear interest at the rate of seven per cent. per annum on all sums unpaid, payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, until the whole of said principal and interest are paid.

Reference is hereby made to said Resolution No. 336 for further particulars of said work.

F. R. SINCLAIR,
Street Superintendent of the
City of Glendale.

The editor of the NEWS was pleased to receive a call a few days ago from Mr. Oscar E. Burch, a nephew of N. C. Burch, Esq. Mr. Burch was, as a young man, known to the then residents of Glendale and Tropico, twenty years ago. He owned the property on Ninth street where the Tropico Water Company's reservoir is located. He has for the past ten years been a resident of New Mexico, and is accompanied on his present visit by his wife, for whose health they are intending to remain in this section for some time.

Township Justice R. E. Ling, who aspires to a nomination for superior judge at the coming primary election, called upon us this week. Since his appointment as justice, Mr. Ling has made a good record and has a strong claim upon the nomination by the Republican party, of which he is a member. Judge Ling is an old resident of Los Angeles and was years ago a deputy under Sheriff H. M. Mitchell, who owned the property now belonging to the Forest Lawn cemetery at Tropico.

Mr. W. G. Rich, son of Mr. C. O. Rich, has accepted a position as manager of a big gas company that is going to introduce gas into the City of Mexico. Mr. Rich has been connected with the Los Angeles Gas company for a few years and has learned the practical details of the business from the bottom up, and is still a young man.

Dan W. Hargett, late foreman for the Sparr Fruit Co. here, writes Mr. S. J. Reid that he has bought ten acres of land near Tuscumbia, Ala., where his parents reside, and in token of his appreciation of his California residence, has named the place Glendale.

E. H. Taylor, who is building a home near the West Glendale school house, has rented a room of Parker & Sternberg on Brand boulevard and will install a complete outfit of electrical appliances.

vs.
Dora Stead, Joseph Stead, Mary Stahl, John Doe Stahl, Sam Stead, Ella H. Bean, otherwise known as Mrs. Sam Stead, and Sam Stead, John Doe and Richard Doe, Defendants

Sheriff's Sale
No. 71178
Order of Sale and Decree of Foreclosure and Sale

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the County of Los Angeles, of the State of California, on the 26th day of April, A. D. 1910, in the above entitled action, wherein Emilie Brodtbeck, the above named plaintiff, obtained a judgment and decree of foreclosure and sale against Dora Stead, Joseph Stead, et al, defendants, on the 18th day of April, A. D., 1910, for the sum of one thousand, seven hundred, seventy-seven and 87-100 ($1777.87) dollars, gold coin of United States which said decree was, on the 18th day of April, A. D. 1910, recorded in Judgment Book 201 of said Court, at page 28, I am commanded to sell all that certain lot, piece or parcel of land situate, lying and being in the County of Los Angeles, State of California, and bounded and described as follows:

Lot One (1), Block One Hundred (100) of Subdivision of Rancho Providencia and Scott Tract as per Map recorded in Book 43, page 47, Miscellaneous Records of said County, containing eight (8) acres of land with all the water rights and privileges belonging or appertaining to said land.

Together with the tenements, hereditaments and appurtenances thereunto belonging, or in any wise appertaining.

PUBLIC NOTICE IS HEREBY GIVEN, That, on Wednesday, the 18th day of May, A. D. 1910, at 12 o'clock M. of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, with interests and costs, etc., to the highest and best bidder, for cash, gold coin of the United States.

Dated this 21st day of April, 1910.

MEMORIES.

(For the News)

Sweet petals falling softly down,
Blown from my orange trees,
Bring memories of snowy flakes
Floating in April breeze.

Across the loved old cottage lawn
Where robins early came,
And sang while fell the robin snow,
Light April snows pet name.

When youth seems like an olden tale
Of days long since gone by,
Can robins sing as blythe as then,
And April snowflakes fly?

Though friends we loved have long passed on
Yet robins come and go
Across the old deserted lawn,
And falls the robin snow.

—Ellen Brown Newcomb.

THE COMING COMET.

(For the News)

If there is any person in the civilized world today who does not know all he cares to know about Halley's comet, it is surely no one's fault but his own, for many of the leading astronomers all over the world have been striving by magazine essays, newspaper articles, and popular platform lectures for the past two years to interest and inform the public on the great astronomical event of 1910, the return of the mysterious wanderer after its seventy-five years' absence. All those years, though invisible to mortal eye, it has nevertheless been followed with fascinating accuracy by the mathematician who could, therefore, predict the date of its return with marvelous precision. So that when it was picked up by Professor Wolff at Heidelberg last September, it was found to be less than the apparent diameter of the full moon, from the position assigned for it at that date! An extremely interesting discourse on the comet was given by Prof. B. R. Baumgardt to the Southern California Academy of Sciences at its regular monthly meeting on Monday last, in the course of which this ever popular lecturer brought out some details not hitherto noted in this journal. The comet will pass exactly between the earth and the sun on the 18th of May, at a distance of about 77 million miles from the sun, and about 15 million miles from the earth, and if the tail of the comet exceeds 15 million miles in length, which it probably will, then the earth will pass through it. The passage will occupy almost exactly one hour, commencing at 6:22 p. m. It is probable that no effect will be noticeable, as, of course, we shall not be able to see the comet at that date, the glare of sunlight rendering it invisible until it has traveled some distance from the line joining the earth and the central orb. Those with exceptionally strong eyesight may discern it on the evening of the 19th of May, just after sunset; but by the 20th or 21st it should be visible to all. And as it gets further away from the sun, it will, for a time, increase in splendor and form an unwonted spectacle in our evening sky. It will at that time, however, be on its outward journey and will therefore soon fade from our gaze, and indeed be shorn of nearly all its interesting aspect and proportions, the tail gradually being withdrawn, as it is only in the neighborhood of the sun that it becomes conspicuous. And as it recedes further and further from us, it will sink into an insignificant blur of hazy vapor to wander off on its long journey 500 million miles beyond the planet Neptune, to return again in the year 1985. Let our young folks of less than ten years of age, take a good look at it next month, so that if any of them survive to see it on its next return, it will be interesting for them to remember that they read about it the GLENDALE NEWS. In 1811 the earth passed through the tail of a brilliant comet which appeared that year, and it was believed to have had a peculiar and beneficial effect on the wine grapes of France and Italy. So that it was called the "Wine Comet" and the vintages of that year were called "Comet Wine." Mr. Baumgardt stated that already some of the Fresno vineyardists are speculating as to the effect the passage of the earth through the tail of Halley's Comet next month will have on their grapes. We can only say that, improbable though it may be, as Hamlet said to Horatio

There are more things in heaven and earth
Than are dreamt of in your philosophy—

Who can tell!

One would think that by this time popular fears as to the effect of the comet on the earth, or the passage of the earth through its tail would be entirely allayed. An inspection of the newspapers, however, discloses that such is not the fact, as it was found expedient to the director of the Federal Meteorological Bureau at Washington to issue an official statement setting forth the utter groundlessness for the slightest uneasiness on account of the comet. In this connection, Mr. Baumgardt said that undoubtedly there was a remote chance that among the millions of comets constantly coming to our system, there might be one which would come into collision with the earth. The chance being calculated on the theory of probabilities, was found, however, to be exceedingly small. It was stated that such a collision might occur once in every 15 million years. But suppose, said the lecturer, the 15 million years is just up, and that the collision is due now! Even in that unlikely case no harm could come to us, for the fragments of comet would never reach the earth in solid form. Upon encountering our wonderful atmosphere, their rapid motion would generate such intense heat that they would be completely vaporized, and at the most we should only see a shower of shooting stars of unusual splendor. In fact, that is all we should ever know of it. As the comet will pass squarely between the earth and the sun a very interesting phenomenon may be witnessed by astronomers possessing the necessary instruments to make the observation, the passage of the comet across the sun's disc. Several eminent astronomers have gone to Honlulu where the event will occur when the sun is higher in the sky than will be the case here, among others Professors Ellerman from the Mt. Wilson solar observatory, and one enthusiastic astronomer will travel eight thousand miles—from New York to Honolulu—to take advantage of that one hour's observation.

There have been conflicting statements as to the date at which the comet will be visible in the morning, before it arrives at perhelion—that is its nearest approach to the sun. And in this connection, we noticed a letter from the Times' special correspondent at Palm Springs on Monday last stating that he had seen the comet in the morning before sunrise, that it rose in fact about 3 a. m. and continued visible in broad daylight, or until nearly noon, that it looked indeed "like a young sun." We need hardly inform our readers that what the special correspondent took for the comet was really the planet Venus, which is just now an object of great beauty and will repay a peep out of your bedroom window any time after 3 a. m. If only the "Times' special correspondent" had been reading the GLENDALE NEWS he would have been better informed as to the aspect of the sky in the early morning, and would have been able to recognize the glorious orb dedicated to the Goddess of Love. The latest announcement respecting the date on which the comet may be first visible to the naked eye comes from the Lick observatory and places it about the 28th of April. But we shall keep a sharp lookout for it in the early morning from now on, and expect to be rewarded with a sight of the wonderful object.

X-RAY.

AN APRIL DAY.

The society reporter took a spring time vacation. Somehow or other of late the social functions had palled upon his appetite to such an extent that he was threatened with paresis, and it became necessary to take some desperate remedy that would go right to the source of the trouble. The family physician recommended a blue mass pill, his young aunt who was a recent and enthusiastic convert to Christian Science, assured him that it was impossible for anything to be the matter with him, and refererd him to the proper chapter and page. He tried both remedies and the only result was that they left him a sadder and scarcely wiser man. He still had a persistent sense of something wrong in his mental mechanism. The stereoptyped phrases of his profession persisted in thrusting themselves fantastically into the foreground of his mental vision; he fell into such a condition that he could not express the most ordinary ideas without saying something about "the most recherche social function of the season," "the charming hostess was gowned in a perfect dream of the dressmaker's art," "the table was decorated with smilax and green peas." "The guest of honor wore a princess gown cut decollette with a corsage of dandelions and cauliflower," etc., from which it may be inferred that the lunacy commission would make short work of his case if they caught him. But they did not catch him; he took to the woods—literally. It was a glorious April day and Sycamore canyon lured him to its leafy shades. The new growth on tree and shrub challenged his approval with their glistening sheen; the wild cucumber vines upon the ground and the grape vines climbing up in the green spring foliage of the sycamores caught their tendrils in his vagrant fancy and pinned him close down to the heart of nature. The faint perfume of the wild blossoms invaded the avenues leading to his brain and worked a sweet nec romancy! The honey bees winged their swift and unerring flight to the waiting blossoms and back again with treasure to their hives. In a leafy bower beneath the wild grape vine and the sycamore tree where the sunshine filtered through in ever varying shades of gold, the society reporter yielded in sweet surrender to the influence of the spring time, and here a metamorphosis occurred. The fantastic pictures of many a social function, faded into the background of his memory and his weary brain at last knew peace. The dreary ghosts of social functions faded from the overworked lobe of his brain and from somewhere without there floated into an unusued cerebral cell and found lodgment there, the vivifying germ of thoughts that were new, strange and singularly soothing.

* * *

The city editor looked up as the society reporter entered the office a week later, sunburned and sunny, and greeted him, "Hello, Hayseed, got the tangles out of your brain yet?" "Sure," replied the reporter. "What's the job for tonight?" "Well, you can don your glad rags and take in Mrs. Smith's reception down on Washington street." The society reporters' face paled beneath its coat of tan. "Say, old man, can't you relieve me of that; let me go down to Vernon and see Billy the Bushwacker pound Kid Murphy into small bits." The city editor's countenance relaxed in a manner almost human. "All right, let Johnson have your swallow-tail and be sure you bring in all the gory details."

Weeping Animals.

Travelers through the Syrian desert have seen horses weep from thirst. A mule has been seen to cry from the pain of an injured foot, and camels, it is said, shed tears in streams. A cow sold by its mistress, who had tended it from calfhood, wept pitifully. A young soko ape used to cry with vexation if Livingstone didn't nurse it in his arms when it asked him to. Wounded apes have died crying, and apes have wept over their young ones slain by hunters. A chimpanzee trained to carry water jugs broke one and cried, which proved sorrow, though it wouldn't mend the jug. Rats, discovering their young drowned, have been moved to tears of grief. A giraffe which a huntsman's rifle had injured began to cry when approached. Sea lions often weep over the loss of their young. Gordon Cumming observed tears trickling down the face of a dying elephant. And even an orang outang when deprived of its mango was so vexed that it took to weeping. There is little doubt, therefore, that animals do cry from grief or weep from pain or annoyance.—Harper's Weekly.

The Laborer's Thanks.

A tram car was going down a busy street one day and was already comfortably full when it was hailed by a laboring man much the worse for liquor, who presently staggered along the car between two rows of well dressed people regardless of polished shoes and tender feet.

Murmurs and complaints arose on all sides, and demands were heard that the offender should be ejected at once.

But amid the storm of abuse one friendly voice was raised as a benevolent clergyman rose from his seat, saying:

"No, no! Let the man sit down and be quiet."

The discomfiture of the party turned to mirth when the drunken one seized his benefactor by the hand, exclaiming:

"Thank ye, sir—thank ye. I see you know what it is to be tight!"—London Answers.

The Greatest Financier.

"Who was the greatest financier ever known?"

"Noah, because he floated his stock when the whole world was in liquidation."

Different Wants.

"What we want," said the attorney to the reporters, "is justice."

"What I want," said the client to the attorney, "is a verdict in my favor."—Life.

Cheerfulness is like money well expended in charity—the more we dispense of it the greater our possession.—Victor Hugo.

The measure of a man's sin is the difference between what he is and what he might be.—Jordan.

Early and provident fear is the mother of safety.—Burke.

Every duty which we omit obscures some truth which we should have known.—Ruskin.

Another Kind of Walk.

Ethel did not rush into his arms and cry "Oh, Cuthbert!" as usual. When he was ushered into the drawing room she gave him the frigid eye, and the gas was kept on at full pressure.

"I've been studying pedomancy, Cuthbert," she announced.

"Pedomancy, pet?"

"Divination by the feet," she explained. "Feet that incline to flatness are a sign of meanness, Cuthbert."

Cuthbert looked down at his No. 10 tans and sighed.

"A hurried yet silent walk," she continued, "is indicative of criminal instincts. Your walk is so hurried, so noiseless, Cuthbert."

"You are speaking of only one of my styles of walking, Ethel," he answered brightly. "I have another. I used it this afternoon to walk into a jeweler's shop and buy a $150 engagement ring that I had hoped"—

"Oh, Cuthbert!" she cried, and the next minute the pedomancy expert and a splay footed youth were crowded into one saddlebag chair, and the gas was turned down into a little blue bubble.—San Francisco Chronicle.

Dumas' Wealth and Poverty.

Alexandre Dumas' rise to wealth and luxury was almost as marvelous as that of his most celebrated hero. He built a magnificent chateau, which he named Monte Christo. There he entertained all comers, friend and stranger alike, with more than oriental magnificence and sometimes with oriental mystery. His purse was open to all who sought it, and the day came when he experienced Timon's fate without acquiring Timon's disposition. He could not become a misanthrope, though his fortune disappeared almost as suddenly as it came, and then he learned the ingratitude of men. His last days were passed not in poverty, but in narrow circumstances. He left Paris in the fall of 1870 just as the German army was closing in to besiege it and when France was feeling its deepest woe. To the last he preserved his gayety and youthful spirit. "I had but one napoleon in my pocket when I first came here," he said. "I go away with two, and yet they call me a spendthrift."

Very Devout.

A new parson was presented to a living in a remote agricultural district and was anxious to make himself at home with his flock as soon as possible. He therefore began his pastoral calls at once. Among the first recipients of these attentions was Farmer Jones, whose family the new parson had noticed to be very regular and apparently very devout attendants at church. Farmer Jones was out, but his wife received the parson, when the following dialogue took place: "I am your new rector, Mrs. Jones. I have noticed with great pleasure your regular attendance at church and have lost as little time as possible, you see, in calling and improving our acquaintance." "Yes, sir," replied Mrs. Jones; "we're 'bliged to be reg'lar at church, for if we didn't go Farmer Smith claims that pew, and we're not goin' to give it up for the likes o' him. So my son Peter stands at the door half an hour before service begins to keep 'im out."—Liverpool Mercury.

Casa Verdugo, Cal.

TUESDAY AFTERNOON CLUB.

Last Tuesday was "California Day" with the Tuesday Afternoon Club, and it was celebrated by a special and appropriate program. The club first heard a very full and most interesting report of the recent state convention of the Federation of Women's Clubs, held at Santa Barbara, which was read by Mrs. Gridley, a recent comer to Glendale, whose possession of fine literary ability, combined with journalistic experience, makes a valuable acquisition to the club and the community. The special program was in charge of Miss Cora Hickman of Tropico, who introduced the topic of the day and the speakers in appropriate words and with a spirit of enthusiasm such as the subject naturally inspires. Miss Virginia Davis, who as a child came across the plains at a time when the state was young, read an interesting paper. Mr. John McGroarity, the poet, was welcomed with enthusiastic handclapping and treated the club members and guests to a reading of several of his poems, accompanied by an interesting talk about the beauties of the state. He said, among other good things, that his wife said of him that he always fell in love with the last place in California that he happened to visit—therefore, Glendale, etc.! After Mr. McGroarity closed, the guests remained to enjoy a social hour and partake of the club punch, ices and cake.

SOME FEW OBSERVATIONS.

(For the GLENDALE NEWS)

The late "Unpleasantness" on the part of the city officials and electric railway, to a looker-on seems to be the result of poor business methods, undue care or mismanagement.

When the franchise was granted to the electric company the understanding of the people who subscribed and paid for it, was that proper reservations and restrictions were to be made for the public's protection and that the deeds and right-of-way was only to be given to the railroad for such time as it was to be used for railroad purposes, but we now see that it was then anything to get a railway.

Second. Much fault was found with the city engineer when he established the city grade, and especially at Lomita, so much so that a remonstrance was made, demanding the raising of the grade, and in the center of the city many found fault with the engineer's basis of grade. It would seem that had this grade been a little more in accordance with the wishes of the property owners we would now have no complaint against the railroad. Perhaps after a time we may learn to regard our constituents and in making business contracts, particular as to stipulations, it saves a lot of trouble and expense in the future.

AN INTERESTED CITIZEN.

MISS GOODRICH HONORED.

In honor of Miss Louise Goodrich, Mr. and Mrs. R. A. Peterson, of Adams street, entertained with an elaborate and highly successful musicale about ninety guests last Friday evening. Miss Goodrich had been for a week the house guest of Mr. and Mrs. Peterson from their old home in Minonk, Ill. The lady is a skilful pianist and an enthusiast in her profession. The rooms which are large and particularly well adapted to the purpose which they served last Friday evening, were made more than usually attractive by quantities of roses. Miss Goodrich first played "Hark, Hark, the Lark," as arranged by Schubert-Liszt, followed by a nocturne. Mr. Julius Kranz, Glendale's young violinist, played a selection from Boehm.

Miss Williams rendered two piano selections by Moskowski and Godard. Mrs. Small, a recent arrival from Denver, sang a beautiful song by Denza. The lady has a fine contralto voice and later responded to an encore. Mr. Charles Elliott Anderson played a Romanze in D-flat by Sibelius. The Hare sisters, of Eagle Rock, delighted the company with a quartet and were encored. The program ended with another selection by Miss Goodrich. Elegant refreshments were served. The hostess was assisted in receiving the guests by her sister, Miss Dora Filger.

Mrs. Will Pierce gave a family dinner party, Saturday evening, to commemorate Mr. Pierce's birth anniversary.

Social and Personal

Something About People You Know

Mr. and Mrs. R. D. Goss left Tuesday morning last for a visit of several months to a son living at Henderson, Iowa.

The condition of Mr. F. M. Beers, reported in our last issue, remains about the same, being still quite serious.

Dr. and Mrs. C. T. Pepper and Dr. C. F. Pepper spent Sunday with Dr. and Mrs. Leon H. Hurtt and Mrs. Bundy.

The Glen Eyrie Chapter 237 P. E. O. held their regular meeting and social in the Masonic hall, Brand boulevard, last night.

Miss Annie Black and niece, Miss Anne Koontz, of Riverside, are the guests of Mr. and Mrs. Charles F. Parker of Central avenue.

Mr. J. H. Jack of Bisbee, Ariz., has taken out a permit for a Mission style house to cost $3000 or more, at Second and Mary streets.

Mrs. Marion Young and baby of Ocean Park, are visiting for several weeks with Dr. Jessie A. Russell and family of Mary street.

All the young people who took part in the Kirmess are invited to come to the Guild Hall Friday, April 29th, and form a St. Mark's social club.

Miss Gladys Remsburgh tendered a coterie of her friends a party at her home, Saturday afternoon, to commemorate her birth anniversary.

Mr. R. E. Beers, wife and infant son, of Delano, Cal., surprised the parents of Mr. Beers by their arrival from the North last Saturday morning for a visit.

Miss Nora Harnett of Long Beach passed last Saturday and Sunday at Hotel Glendale, where she was the guest of Miss Ida M. Waite, principal of the Sixth street grammar school.

A very pretty childs' party was given Monday afternoon by Edith Addison, when a number of her wee playmates assisted her in celebrating her fourth anniversary.

Miss Winifred Sadler entertained with an old-fashioned taffy pull at her home, 523 Mary street, Wednesday evening of last week. Guests included the Dutch dancers of Kirmess given at this place recently.

Among recent guests at Castle Crags, are Mr. and Mrs. Litchfield of Chicago. Mrs. Litchfield is an enthusiastic ornithologist and has been having a season of enjoyment in studying our California birds.

Mrs. G. H. Rowe entertained with a dinner party at her home on Everett street, Wednesday. The guests included Mrs. T. R. Buzzell, Mrs. L. M. Murray, Mrs. W. J. Miller, Mrs. J. L. Hopkins, Mrs. C. M. Chick and Mrs. W. R. Weagley.

This week the Sparr Packing company shipped from its house on Glendale avenue, two cars of oranges and one of lemons. This fruit is coming from the Sparr fruit ranch in La Crescenta and Dr. Black's orchard in North Glendale.

A small party of young people from the Baptist Sunday school enjoyed a tramp to Sycamore canyon last Saturday evening. In the canyon a large fire was built around which the party sat and ate their lunch. The time was made more enjoyable by games and stories.

Mrs. E. J. Oatman and sister, Miss Helen Browning, of Riverside, were recent guests of Mrs. G. H. Rowe of 326 Everett street. Mrs. Oatman and sister are relatives of the Oatman family, whose massacre occurred in Arizona while crossing the plains in the early days.

Mr. and Mrs. H. P. Smith and son, Clarence, and Mr. and Mrs. J. M. Smith spent Sunday last with Mr. and Mrs. C. C. Thompson of Los Robles street, Pasadena. Mr. and Mrs. Thompson will start soon for a trip around the world which will last several months.

The vaudeville and moving picture entertainment given at Filger Hall last Saturday evening was, as far as the pictures were concerned at least, well worth seeing. Hawaiian life and scenery were depicted in moving pictures which were not only entertaining, but highly instructive.

Mrs. Lloyd Kenyon and young son are visiting Castle Crags after having just completed the circumnavigation of the globe. Mrs. Kenyon's husband is chaplain in the U. S. army in the Philippines and Mrs. Kenyon and son have recently returned from the islands. They will probably spend the summer here.

Gus Pulliam, who for the past several months has been collector for the Sunset Telephone company of this place, has been transferred to the plant department of the main office in Los Angeles. His place here will be filled by E. H. Kerker, secretary of the Glendale Improvement association. Mr. Kerker has been with the company for five years in Los Angeles.

Last Saturday afternoon Mrs. Leon H. Hurtt entertained the Norumbega club of Los Angeles of which she is a member. Bridge whist was the game of the afternoon and prizes were awarded Mrs. Folsom, Miss Agnes Wallace and Mrs. L. R. Garrett. The house throughout was tastefully decorated with roses brought from Dr. Hurtt's ranch for the occasion. Delicious refreshments, consisting of several courses, were served at the end of the afternoon.

A pretty finale to the splendid program given at St. Mark's Guild house by the Tuesday Afternoon Club, was when Mr. John S. McGroarty, poet and author, presented to Mrs. Virginia Whistler Davis the copy of poems from which he had read several of his most beautiful and charming poems during the afternoon. Mrs. Davis read a most interesting paper on "Our Foremothers" for the club, the merits of which so pleased Mr. McGroarty that the presentation followed.

American Lady SHOE

It takes a mighty well made Oxford to hold its shape and place on the foot. It must fit all over or it will slip and rub.

To make a perfect Oxford is an art that the Largest Makers of Shoes in the World have mastered in the American Lady Shoe.

In every sense it is the best shoe for the money.

We have a large line of American Lady Shoes in the newest and best styles for Spring and Summer Wear. Come in and let us show you what real shoe satisfaction is.

Mrs. C. C. Carney of Long Beach has been spending a brief vacation in the hills as a guest at Castle Crags.

An affair of last Thursday evening was the party given by Mr. and Mrs. L. W. Sinclair at their home on East First street in honor of the Thorny Croft Club. The home was decorated with roses. The game of 500 furnished the amusement for the evening, after which a lunch was served. And a number of members read papers written by themselves, with comments on the club members which were enjoyed by all present. The place and score cards were hand painted by Miss Esther Sinclair.

Parker & Sternberg move into their new building at 310 Brand boulevard on Monday next.

O. A. Lane, newly elected trustee of the City of Glendale, was quietly married to Miss Lucile D. Frazee of Wisconsin, at 11 o'clock on Thursday of last week. The simple ring ceremony was performed by Rev. Moody, only the members of the family being present. Immediately after the service the happy couple left for San Diego, where they are passing two weeks as a wedding trip. They will return to Glendale and will reside at the home prepared by the groom on Chestnut street.

TROPICO

Miss Nina Richardson of Santa Paula is the guest of her brother and family, Mr. and Mrs. Frederic C. Richardson.

Mrs. David H. Imler leaves for "La Verne" ranch, in the Imperial Valley, where she will visit with Mr. Imler for several weeks.

Mrs. Lucy Sears, her daughter, Miss Margaret Sears, and granddaughter, Miss Willa May Hobbs, left for Exeter Monday, their future home.

Mrs. David H. Imler entertained with a luncheon at her home, "Palm Villa," Tuesday, complimentary to Mrs. Virginia Whistler Davis and Mrs. Helen Gibson Teed of Los Angeles.

Miss Anna Augspurger, who has been the house guest of Mrs. D. H. Imler the past few months, left for Buena Park the latter part of the week, where she will visit Mr. and Mrs. Frank I. Marsh.

The funeral of Claude A. Bombard of Tropico, aged 20, was held at the Presbyterian church, Monday afternoon at 2 o'clock. The church was beautifully decorated with white roses and lilies; the Philathea class of the Sunday school having charge. Merrill Blain, Allen Adams, Dwight Stevenson and Jas. Moore were the pallbearers. The service was read by Rev. Henderson C. Shoemaker. The music was furnished by the church choir.

Mr. and Mrs. Edward Henry Weston are the proud possessors of a bouncing 7½-pound boy. Both mother and child are doing well at a naturapath home in Pasadena. The little one has been labeled, Master Chandler Weston, and seems to be thriving under the name.

S. V. Albertson has purchased the interest of Mr. Parrett in the firm of Winebrenner & Parratt, and hereafter the firm will be known as Winebrenner & Albertson. Mr. Albertson came here recently from Wisconsin and thinks so much of this place that he has decided to remain and build here. Business will necessitate one trip back East, but on his return he expects to stay here. This realty firm reports this week the sale of three lots in the Ayers vineyard tract to H. Edgar Fry of Los Angeles. The price paid for these lots was $2450, or $850 for one lot and $800 each for the other two. It is the intention of the new owner to erect on his property a fine story and a half eight-room house which will cost about $7000. He expects to have the entire three lots as a home place, and when the home is completed he will occupy. This firm also reports the sale of lot 4, Boynton tract, to Mrs. Metcalf of Los Angeles for $650. This lot is 75x260 feet and the new owner will build a $1400 home at once and reside. Also lot 5, same tract, but on Boynton avenue to Los Angeles party, who will build at once. Price $650.

Davenport & Black sold this week two lots on Dunbarton street to Mrs. H. B. Myers for $450 each. Mrs. Myers will build at once.

Albert Marple sold this week lot 6 on Boynton avenue in Boynton tract to C. M. Retts of Yuma, for $600. Also lot 7 same street and tract to local party for $500.

TO ATTEND BIENNIAL AT CINCINNATI.

Mrs. L. C. Rice of Tropico will leave for Cincinnati next Tuesday as a delegate from the Glendale Tuesday Afternoon club of this place to the Tenth Biennial of the General Federation of Woman's Clubs, which will be held at that city between May 10th and 18th. Mrs. Rice goes as a direct delegate from the Glendale club and will be one of a party of probable delegates who will attend the biennial from California.

Enroute Mrs. Rice will visit her brother-in-law and family in Chicago, after which she will visit in Indianapolis, then on to Cincinnati and to the biennial.

The Glendale club has the distinction of being the smallest club in California that is sending a delegate to this convention.

EAGLE ROCK

News, Social, Personal and Otherwise

The Advance Thought club met last Friday afternoon at the home of Mrs. Barber on Virginia avenue.

The stork left a bouncing baby girl at the home of Mr. and Mrs. H. O. Harrison of Rosemary Drive, on last Saturday.

Mr. Brewer, the city editor of the Los Angeles Evening Express, is about to erect a beautiful new home in the Schumacher tract.

Mr. Glen Biles, son of Mr. Fred Biles, the cashier of the Eagle Rock Bank, is spending a two weeks' vacation with his father on Acacia. Mr. Biles will leave for the aqueduct next week.

IMPROVEMENT LEAGUE.

The Eagle Rock Improvement League will meet the first Monday in May at Symphony hall, 8:15 p. m. It is urged that a large attendance be present.

PARENT-TEACHERS' ASSOCIATION

The Parent-Teachers' association of Eagle Rock will meet next Tuesday afternoon at the school house. This club will meet on the first Tuesday in the month. You are cordially invited to attend.

TWENTIETH CENTURY CLUB.

The Women's Twentieth Century club held its semi-monthly meeting Thursday, April 28, at the residence of Misses Swain on Sycamore avenue. The program was as follows: "Woman in Literature," Mrs. W. Weir; "Woman in Science," Miss L. Frackelton; "Woman in Art," Miss R. Richardson; "Music, the Woman Instrumentalist," Madame Menasco; roll call, responses, poetic gems.

WEST GLENDALE

Mr. I. D. Stine of Los Angeles was a guest at the home of his son, J. S. Stine, this week.

Mrs. Laura Scamman and Mr. and Mrs. Russ and son of Milford street spent Monday in Long Beach.

Mr. Mossholder and family are now occupying their new home on Ivy street, adjoining the Bennington property.

Mr. Chas. T. Toll, vice president of the Security Savings Bank of Los Angeles, is building an addition to his temporary home on his 14-acre orange grove in North Glendale. Mr. Toll will later build an elegant residence.

Rev. Morrison will give another lecture this, Friday, evening. This time the children are expected to put on their laughing caps and turn out in force, as the lecture will be especially for their benefit. "Humorous Incidents of My Experience in the War," will be Rev. Morrison's subject.

Mrs. J. C. Wilson and two small children of Nevada arrived in Glendale this week and will make her home with her friends, Mr. and Mrs. P. A. Penhollow of Ivy street. Mrs. Wilson deserves the sympathy of the entire community, having lost her husband in one of the late mine disasters.

Chandler and Lawson are putting in the foundation for another residence on Ivy street near Columbus avenue. This makes the fourth building they have erected lately on the same street, two of which are already sold, one to Mr. Reynolds, the cement contractor, for investment, the other to a Los Angeles party as a home. They are all good houses, ranging from $3000 upwards.

Quite a number of West Glendale people attended the Odd Fellows Reunion at Long Beach on Tuesday last. Mr. and Mrs. Jessie Stine, prominent in Glendale lodge circles, were among the number and report a jolly good time all around, taking in all the sports, from the parade to the ball, in the evening. At this ball there were 314 in the grand march.

Thursday last the children of the Adventist school of Glendale spent a most enjoyable afternoon at the home of Mrs. Wm. Hyatt on West Fourth street. The spacious lawn served as a very inviting playground, oranges and cold drinks were liberally dispensed, and a jolly time was had by all the children. Miss Topliss of Pasadena, teacher of the school, had charge of the little ones, of which there were about twenty-five.

SCHOOL AND CHURCH NOTES.

The school was honored by a visit from Mr. Warren Story, one of the trustees, this week, and the pupils listened to a very interesting speech from the gentleman. It is hoped that much benefit will be derived from the same.

Three new scholars last week, despite the fact that there will be only a little over a month more of school work.

The teachers and a very good crowd of pupils will attend the Damrosch concert at Temple auditorium in Los Angeles. This orchestra is said to be one of the finest in the world.

AT THE HIGH SCHOOL.

Four dozen lantern slides have arrived for the use of the Latin department. These views are divided into two divisions, the first set is of scenes in Gaul and the country of Caesar's expeditions; the second set is illustrative of Roman private life, giving pictures of costumes, furniture, houses, public buildings and amusements. The Latin department is planning to give an illustrated talk to the Latin classes as a whole, several times each term. These informal lectures will serve the double purpose of imparting information in regard to the material itself and of establishing a bond of unity between all students pursuing the subject of Latin. At other times the slides will be available for lectures to the other classes and their friends.

The general science class, under the direction of their instructor, Mrs. Jansen and Miss Field, enjoyed a trip to Switzer's camp last Saturday. They had intended going as far as Eaton's Canyon, but the weather was so warm that the nearer place seemed more inviting. The class having been previously instructed took note of such things as rock formations, vegetation and topography. Then duty being over, fun reigned. A dainty luncheon was served by the girls of the class.

The baseball team met defeat at the hands of Burbank High school last Saturday afternoon with a score of 8 to 5. This result was unexpected, as Glendale had won by a large margin the week before. Our boys led the score until the seventh inning and then Burbank by good team work and playing ball all the time, put their visitors to rout.

The Junior class was entertained by James Wells at his beautiful home last Saturday night. The affair was strictly a lawn party and jolly games and

MISS A. N. SWAN

Symphony Hall Building
EAGLE ROCK VALLEY

DRY GOODS & NOTIONS

School Supplies and Stationery

TOILET ARTICLES

delicious refreshments made the guests regret leave taking.

One feature of the school life inaugurated this week has proven a great pleasure to the various language classes. That is the singing of the national songs in the original tongue and translation of the popular airs to the foreign languages. The Latin and German classes have already performed in this manner in assembly and the Spanish class, under Mr. Gates, is now practicing toward the same end.

The chemistry class with their teacher, Miss Moore, visited the Tropico Art Tile works last Thursday. The various sands and clays were explained very graciously by the management, who believe thoroughly in the community having a good knowledge of home industries. The preparations and methods of manufacture were also shown. The class feels under obligations for a very profitable afternoon.

The first oratorical contest of Glendale High school will be held on Tuesday evening in the high school auditorium. The contestants represent the best material of the four classes, having been selected in previous try-outs. There is a great deal of class spirit being developed in connection with the affair and it is hoped that the friends and parents will aid in the rival support of the contestants, and attend our first oratorical birthday. The following is a list of the contestants and their subjects:

Violet Turner, '13, "Frances Willard;" Hazel Evarts, '12, "An Appeal for the Ballot;" Emma Pulliam, '11, "Queen Elizabeth;" Owen Rhodes, '10, "The Monroe Doctrine."

Mr. Van Patten of South Pasadena High school, Mr. L. B. Austin of the educational branch of the Los Angeles Y. M. C. A., and Miss Wood, of Hollywood High school, will be the judges.

Dr. W. Scott Thomas, state examiner of schools from the University of California, visited the high school last Thursday. He spent considerable time in visiting the various classes and in talking with the teachers in regard to handling the different subjects. The afternoon was spent in inspecting the building and equipment. Dr. Thomas expressed himself as very much pleased over the phenomenal growth of the school and its excellent condition. He said that the school showed a marked improvement since the new facilities had been added for improving the work.

Prof. Hill of U. S. S. delivered a very entertaining and instructive address last Friday afternoon before the student body. He discussed the value of a higher education for the present and coming man. He did not talk in generalities and made his remarks impressive by forceful concrete examples which could not help going home to many of his auditors. His statements that there would likely never again be a president of the United States who was not a college educated man and that the world today would not support a Lincoln type educated man for that office, created a great impression.

ORDINANCE NO. 123

AN ORDINANCE FIXING THE SALARY OR COMPENSATION OF CERTAIN CITY OFFICERS.

The Board of Trustees of the City of Glendale do ordain as follows:

Section 1. That the salaries or compensation of the City Clerk, the City Marshal, the City Treasurer and the City Recorder shall be and are hereby fixed as follows:

First. The City Clerk, $75.00 per month.

Second. The City Marshal $75.00 per month.

Third. The City Recorder, such fees as are now allowed a Justice of the Peace by the County of Los Angeles for like services.

Fourth. The City Treasurer, $30.00 per month.

Sec. 2. That the compensation or salary as above set forth shall be in full for all services; and all fees collected by such officers in their official capacity, otherwise than above set forth, shall be paid into the Treasury.

Sec. 3. The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in the GLENDALE NEWS, a weekly newspaper of general circulation, published and circulated in the said City of Glendale, and thereupou and thereafter the same shall be in full force and effect.

Adopted this 27th day of April, 1910.

WM. A. ANDERSON,
President Pro Tem of the Board of Trustees of the City of Glendale.

DETROIT JEWEL

See us about Easy payments

Nine of this Style — Ten of this Style — Ten of this Style

Our store, with the largest line of samples in Southern California, is a 25-minute ride from Glendale; that is, 5 to 10 minutes nearer than lots of people that live in the city. That gives Glendale all the advantages of a large city for selection.

We have sold during the last seven years more high grade gas ranges than all our competitors combined, because, we have the best gas range that is known to be made.

We are the only firm that keeps a gas range expert who devotes his time to any complaints, generally free, the first year.

No factory gives a guarantee. We give a personal guarantee with every range and you risk nothing at all, as we take all the risk.

It costs no more to trade with this firm, who gives an intelligent guarantee and will see that your complaints are looked after immediately.

We deliver and connect ranges free in almost all Southern California.

It generally costs 15 cents per foot to pipe a house: if you had to use some ranges and your piping was free, it would be expensive.

The "Jewel" stands unique among gas ranges, in that the name has been appropriated by some other manufacturers and consequencly its reputation. The United States Court of Appeals has decided that the name "Chicago Jewel" is an infringement and liable to prosecution.

CAUTION—Generally, ranges enameled a nice black, are made of the commonest stove pipe steel and are full of slag and are painted to deceive you.

See our written guarantee before you place your order.

Unlike steel ranges, hardly any two makes of gas ranges are made on the same plan or principle. The average manufacturer is in the experimental stage yet; the present day perfection of the Detroit Jewel is the result of over thirty years in manufacturing gas ranges.

ORDINANCE NO. 124

AN ORDINANCE FIXING THE TIME AND PLACE OF HOLDING MEETINGS OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE, AND REPEALING ORDINANCE NO. 77 OF SAID CITY ADOPTED AUGUST 8TH, 1908, RELATING THERETO.

The Board of Trustees of the City of Glendale, do ordain as follows:

Section 1. The regular meetings of the Board of Trustees of the City of Glendale shall be held on Monday of each and every week, at 7:30 o'clock p. m., provided that whenever the time for any of said meetings falls upon a legal holiday, the same shall be held upon the next business day, at 7:30 o'clock p. m., unless otherwise ordered by said Board of Trustees.

Sec. 2. All meetings of the Board of Trustees of the City of Glendale, regular and special, shall be held in the City Hall, located on the South side of Fourth street, between Isabel street and Jackson street, and known and designated as No. 708 West Fourth street, in the City of Glendale, County of Los Angeles, State of California.

Sec. 3. That Ordinance No. 77 of the City of Glendale, adopted August 8th, 1908, fixing the time and place of meeting of said Board of Trustees, be and the same is hereby repealed.

Sec. 4. The City Clerk shall certify to the passage of this Ordinance, and shall cause the same to be published once in the GLENDALE NEWS, a weekly newspaper of general circulation in the said city of Glendale, and thereupon and thereafter the same shall be in full force and effect.

Adopted this 27th day of April, 1910.

Hon. P. A. Stanton, accompanied by Messrs. Borup, Allen, Adamson and Hogaboom, visited Glendale Tuesday last in the interest of Mr. Stanton's candidacy for governor, meeting a number of Glendale people. The party are making a tour of the state, it being Mr. Stanton's intention to visit every town in the state before the August primaries. From here they went to San Fernando. Mr. Stanton expects to have the support of a very large majority of the voters of Southern part of the state and says he will be satisfied if he gets one-tenth of the vote north of Tehachapi at the primary election.
